- **'The drums of Noto Hanto'** 12 minute Animation Produced by Siriol Animation for S4C. A 15th century Japanese folk tale telling how simple drum making villagers beat off an attack by a Samurai ship. Sample based Orchestration was used for the Samurai & the villagers were represented by authentic

instruments including shakkahazzi, koto & shamisen. To maintain control over the project Brolly & engineer Andy Allan took a portable studio to work with James Barrow at the Taiko drum centre in Redding where all the drums were sampled. They were then sequenced in with James improvising over the top on Shime & Okeda.; As well as singing a simple folk song Erina & Kanako were needed to create the sounds of angry ghosts moaning in the wind. The whole job was recorded & track laid at parasol city. The mix was done at the Snake Ranch with Gerry 'o' Riordan where the whole project was mixed in 5:1 as well as stereo.

- **'Elephants'** 7 x twenty second animation's of an elephant trying unsuccessfully to walk along a tightrope.. Produced by Onscreen productions.
